

Complete luxury home solutions.

Innovate Security Ltd

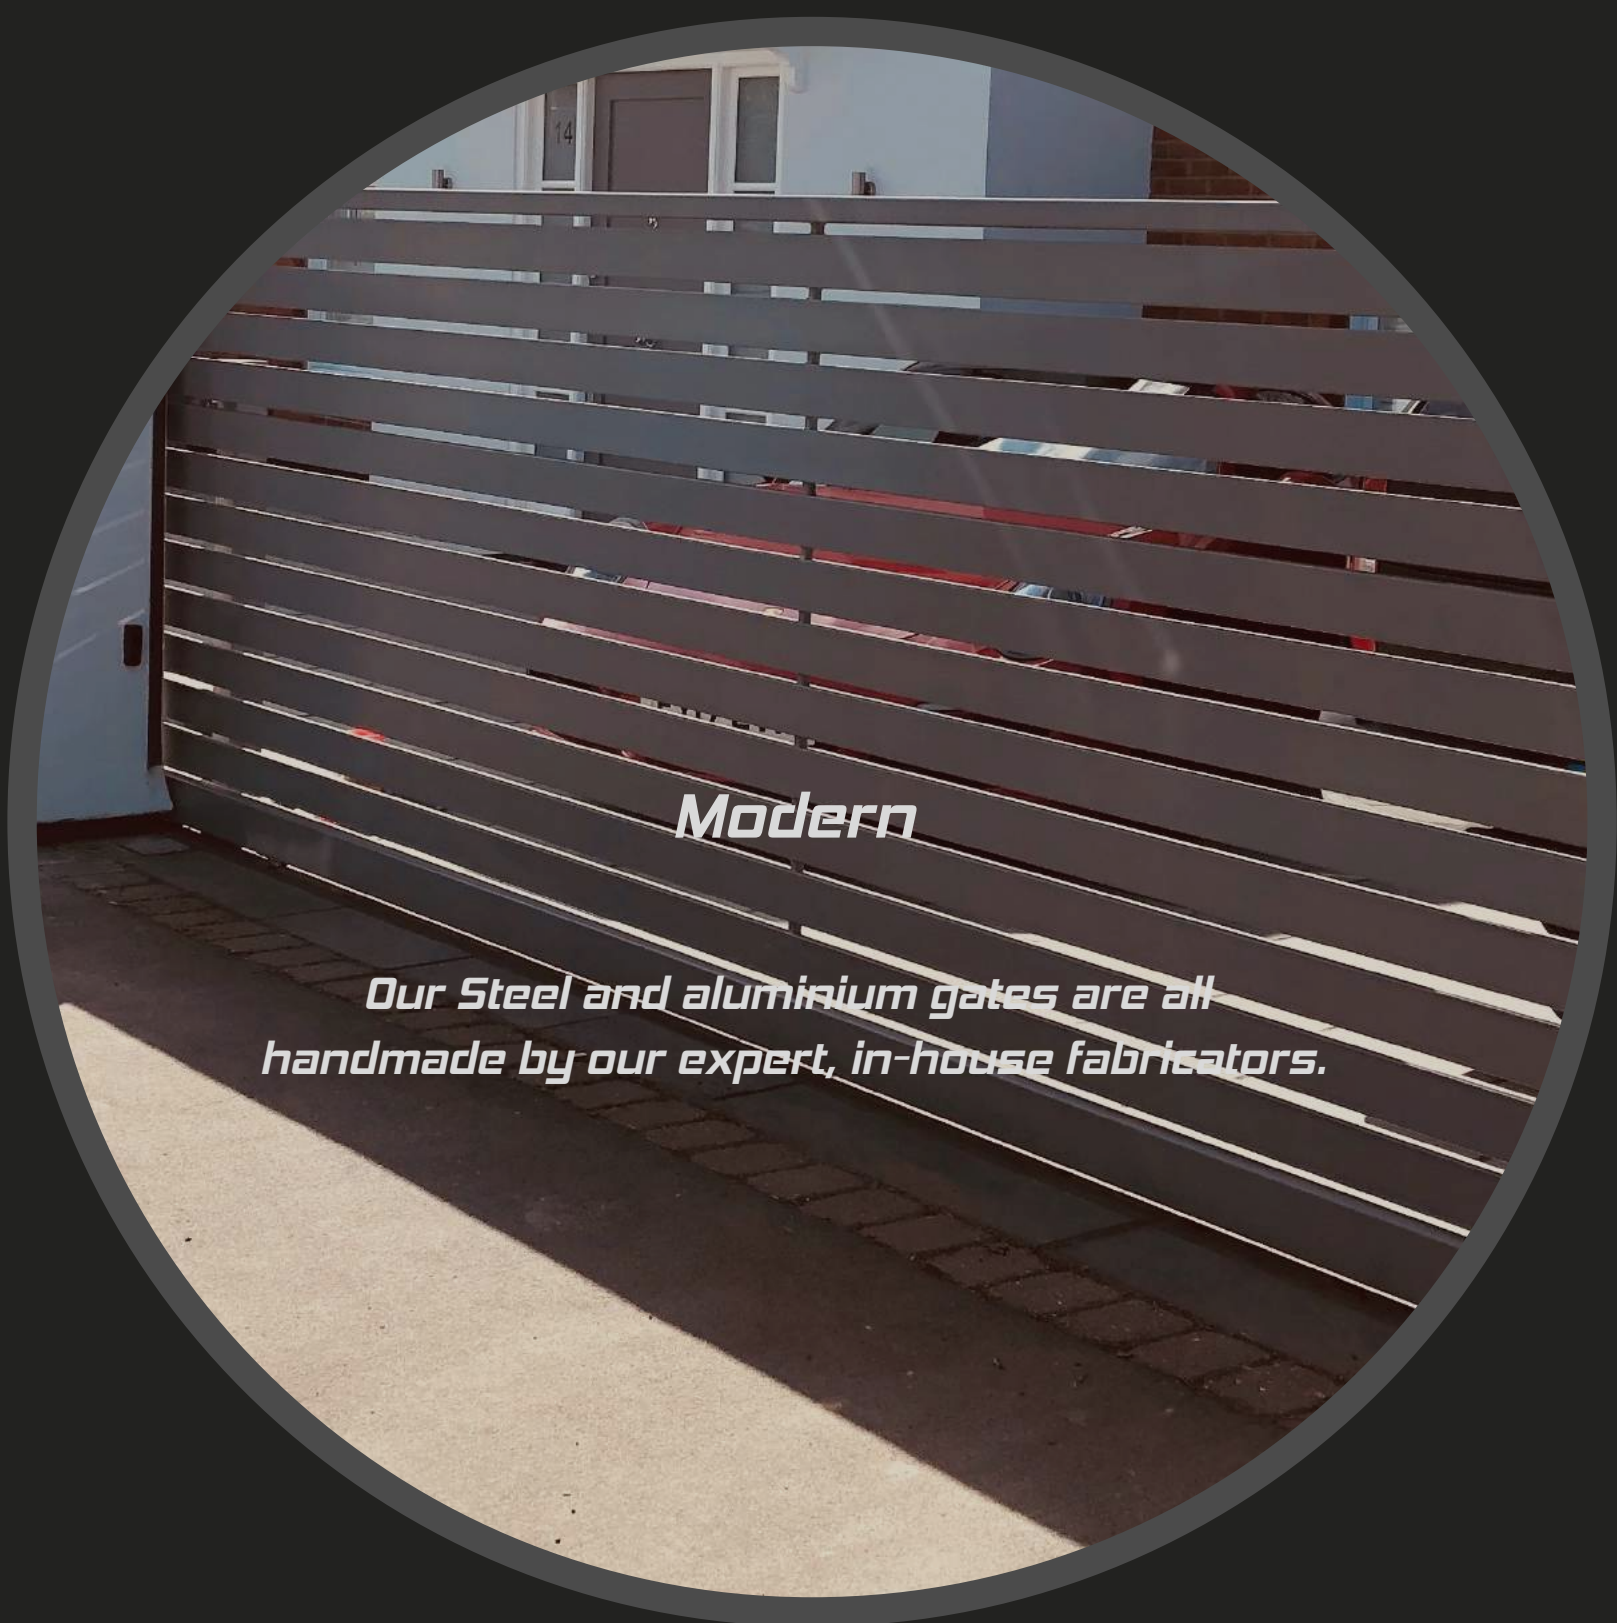

Welcome...

To the Innovate security gate brochure. Suppliers and installers of beautifully designed gates.

Make an entrance.

Standout from the crowd with a truly stunning gate, made from the finest materials. We are proud to offer tailored solutions, at affordable prices..

Modern

Our Steel and aluminium gates are all handmade by our expert, in-house fabricators.

Traditional

*All of our timber gates are handbuilt
by British cratsmen, using taditional
construction techniques.*

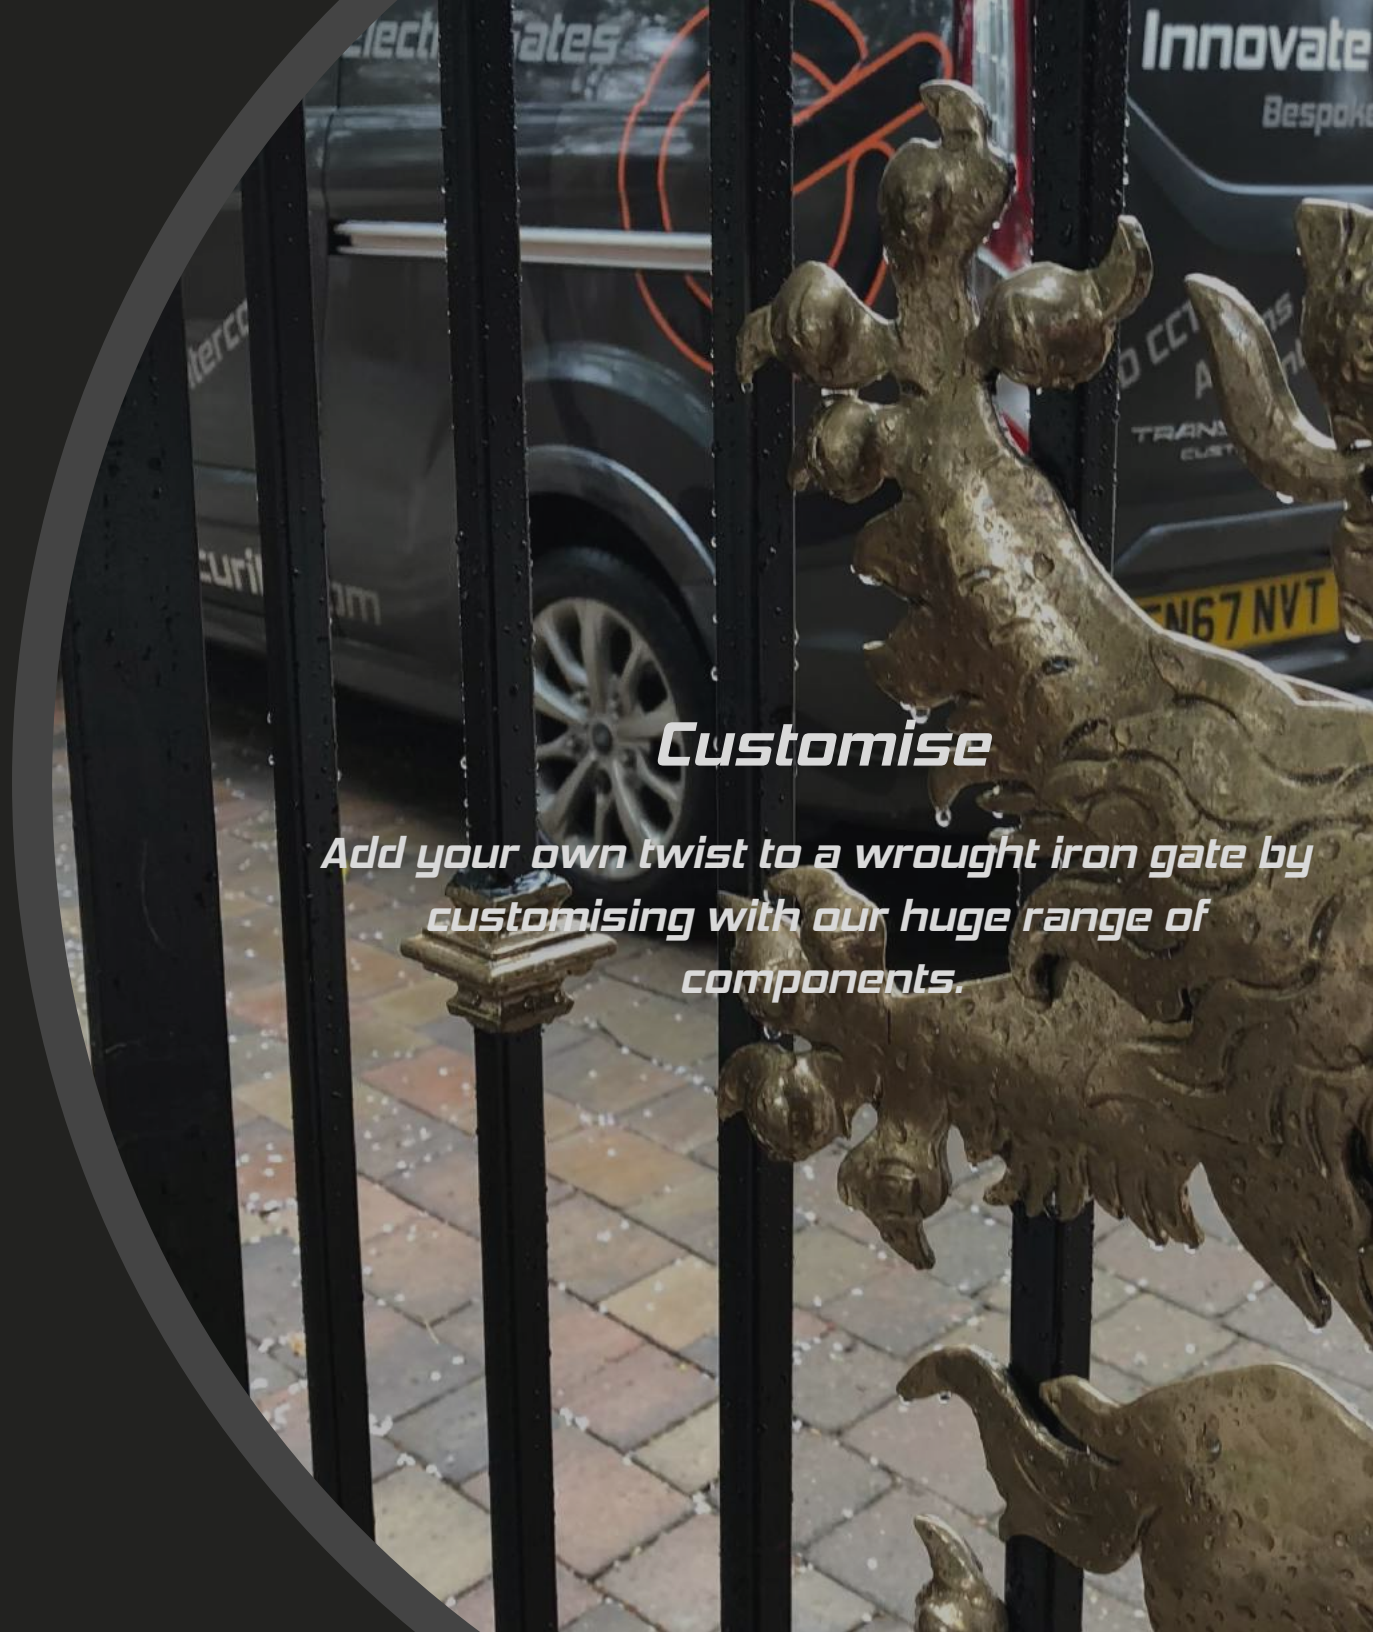

Wrought Iron

Our popular wrought iron gates and railings are designed and made at our Essex workshop.

Customise

Add your own twist to a wrought iron gate by customising with our huge range of components.

*Railings and
iron work*

Hardwood

Our stunning, hand crafted gates are built from hardwoods such as iroko, mahogany and oak.

Crafted

Traditional techniques such as mortice and tenon joints, birdsmouth joints and stop chamfering are all used.

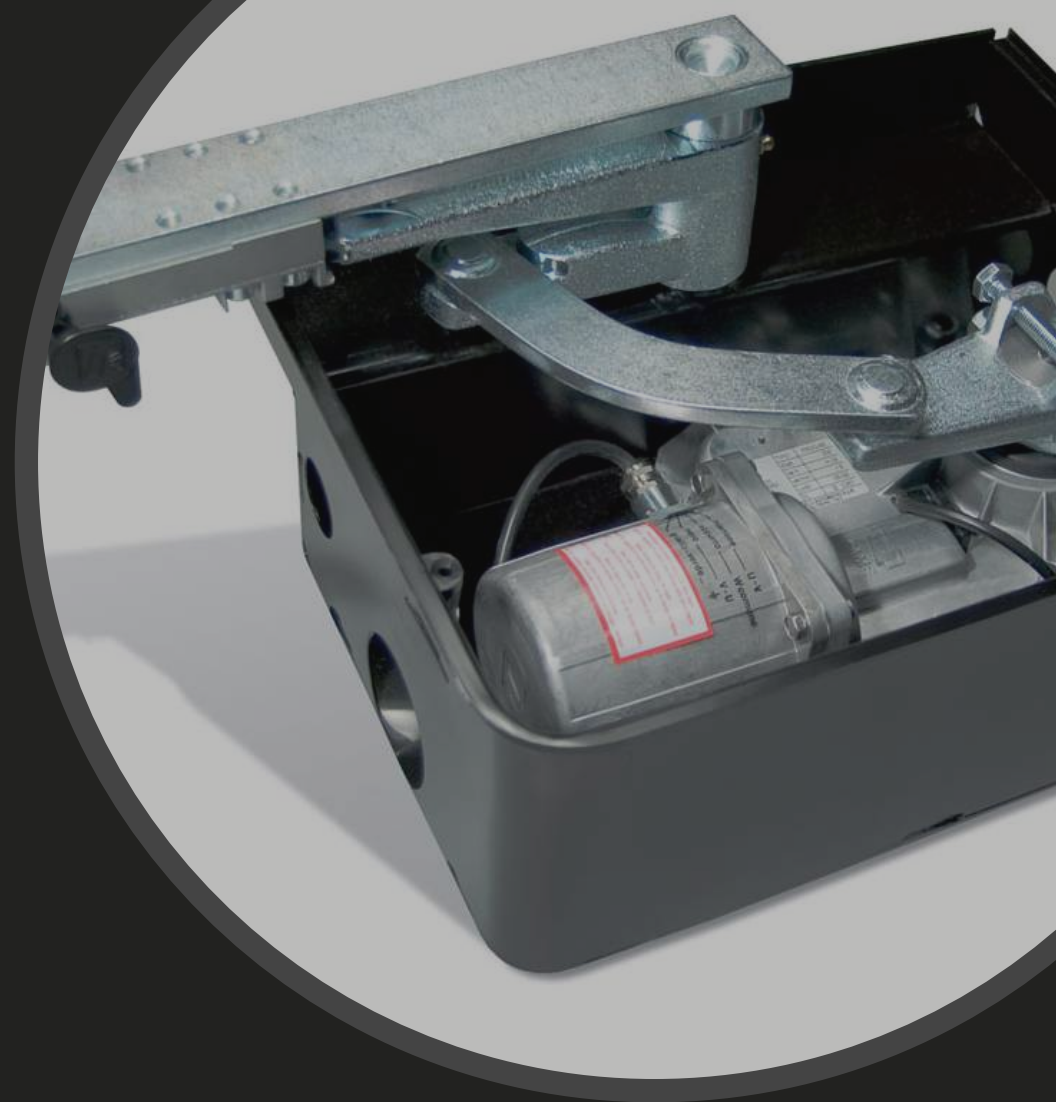

Cladded

Our steel framed, powder coated gates can be clad with a variety of materials such as timber, aluminium and our very popular composite, wood effect system.

Automation

Our highly qualified and experienced installation team can safely and promptly install all manner of automation and security systems for you.

Access Control

*Secure your gate with
a range of intercoms a
and home automation options.*

Bespoke Ironmongery

All of our parts and accessories are custom designed and fabricated to suit each gate, giving an amazing final touch to any project.

Security

*Protect your property
with a variety of
CCTV and intruder
alarm systems*
